- Excellent
- Good
- Nothing
- Very good
- Tttt
- And
- All teachers teach very good
- All good
- Help for poor students and structure of building is very poor and little improvement of teacher's teaching process sometimes teacher doesn't teach properly so taka a good action for better education
- For teaching use LED projector, multimedia etc but infrastructure is also play very important role.so improve infrastructure.
- Teach that subjects to students which are used in market . So students don’t face any problems regarding job . Because today scenario is competition is very . Every company see the practical knowledge of candidate, they don’t open our marksheet , they only see the cv .. also not ask how yu gain marks in Graduation.. its request to yu..
- I'm satisfied with the means and manner of teaching in my college. Students not just study typically, in fact also encouraged to discover their selves and inner abilities by the curricular activities organised by them. I'm glad that I'm studying in such an amazing college. Thank You.
- Hindu college amritsar.
- Always teach us good things motivation the students.
- Always teach us good things and motivation the all students and anyway give us good advice.
- Hustle Loyalty Respect.
- About our future jobs and opportunities.
- Please provide a particular room for NCC discussion and for NCC class.
- They can motivate the students all the time...so a student do hard work in his life.
- Everything is good in college related to studies, except one thing, that the boys and girls have separate common rooms.
- Practical application of Concepts should be explained, improvement of lightning and ventilation should be done , IT products should be used

- excellent teaching in the hindu sabha college
- 1.) Give all facilities to the students 2.) Don't be strict
- Agree
- Very well
- inform everything about class work to online too(whp group)
- To improve teaching learning materials and experience with the help of your knowledge
- 1Use better graphics and visual media to engage Students well.,2 Try to reach every student and ask for their doubts.,3 Making teaching a two way interaction.
- teaching of hindu college was very good. I am learn too much things throw my bca teacher and they alway push me to do something unique in my life so its good experience till now.
- New pc's
- ...
- Soft skills , knowledge about corporate world and prepare student well for corporate world
- Quality of education, practical,
- Quality of education
- 1) House tests for practical subjects should be taken practically on computer systems and not only theoretical paper.
- Launch some good courses related to our graduation.
- 1.)Use better graphics and visual media to engage students well.2.)Try to reach every student and ask for there doubts.3.)Make teaching a two way interaction.
- Try to reach every student and ask for there doubts. Make teaching a two way interaction. Research and communication
- 1) encourage active learning 2) encourage good connection between you and other student 3) prepare yourself before every lecture
- Rude behaviour
- Nothing
- 1) An camera should be installed in each classroom with a mic on the teacher, that way the management/principal can see how many lectures were attended and for how minutes exactly, and the teachers should be advised to take full lecture not halfs. 2) the practical which are held at the end of session should be a real practical, not another theory test. 3) the classrooms should be open for studying in extra time as library is not sufficient for large amount of students. 4) the subjects which should not take more than 20 days to complete should not get a whole semester, time of student as well as institution is wasted.
- learning regular session and check student copy regularly

- 1. There must be a good connection between all the students and professors . 2. Efforts should be made to increase the use of projectors and maps during studies. 3. Efforts are made by all the professors to increase the ability of the students .
- Good for studies, nature of teaching is very good, always help for the students
- Yes
- All is good
- First of all the multimedia teacher is not good and they throw tha students in the lie world. The teachers are not good in teach she/he don't know how to teach the students and he treat the students multimedia teacher such a bad and knowledge less teacher they don't now about software and nothing knowing about creativity
- Computer
- Usage of LED projectors should increase,
- nothing special
- Not giving projects and practical information, sports are not having any schedule about when the selections started or teachers don't speak out when student wants to know about fees and something about clericals or something fine ,computers are some good some has problems with buttons ,college don't have any support system or mental health support which i think colleges should have ,restrictions for outdoor advertisers to come
- Try to reach every student and ask for there doubts. Involve students in your daily teaching
- Need some more staff.
- Helping student in difficult time when he have most most need you.
- Practical applications in our daily life of theoretical concepts , studies about the time management and another necessary courses for free, knowledgeable studies about digital programs and AI should be provided.
- Try to reach every student and ask for there doubts. Involve students in your daily teaching. Provide opportunities to them to speak in the class
- Every thing is good and excellent
- Environment
- Improve teacher to student ratio
- Teachers have to focus on over practicals also
- 1 Use latest technology, 2 Organise weekly brainstorming classes, 3 Try to reach every student and and ask for their doubts
- Excellent
- Improve college facility, nd cultural festival,
- Good class rooms More better study
- Use better graphics media to engage students well. Try to reach every student and ask for their douts
- No

- Teachers should study the theory part as well as show experimentally .Teachers should treat the students softly. All over study is good .
- No suggestions
- Every teacher teach very good👍
- Fresh
- All the teachers are very cooperative
- Fresher
- More practical oriented testing and teaching system instead of theory, Research oriented teaching methodology, Technical knowledge through hands on experience
- Cover whole syllabus with moderate speed, provide quality education
- More use of ict tools in the classroom and teachers should encourage the students to give presentation on different topics so that helps the students to learn more and enhance their confidence
- Good behaviour
- very good
- 1. Use the graphics to engage students .2.Try to reach very student and ask their doubts.3 Make teaching with two interaction.
- There will a good modern computer lab. The blackboards must be digital..
- Its perfect
- Try to reach every student and ask for their doubts. ...
- No suggestion
- I am fresher in this college so ... I don't know experience but I hope the teaching is good this college
- Use better graphics and visual media to engage students well. ... 2) Try to reach every student and ask for their doubts. ... 3) Make teaching a two way interaction.
- Should make infrastructure more better
- Kindly give projects and real time problems to solved (2) updated new technology time to time. (3) Encourage to all the students about studies
- Encourage to all students about studies (2) Changes technology methods time to time (3) Motivate to all students about his future and studies
- Encourage to all students about studies (2). Changes technology methods time to time (3). Motivate to all students about his future and studies
- Encourage to all students about studies 2.Change technology methods time to time 3.Motivate to all students about his future and studies
- Improve nature
- Try to reach every student and ask their doubts,use visual media to engage students well, make teaching a two way interaction
- Use more advanced technology

- They should provide internships to us. They should also provide some practical knowledge. They should help students.
- Motivate to all students about his future and studies 2. Changes technology methods time to time 3. Encourage to all the students about his studies
- Teachers learning and teaching are very well
- infrastructure must be improve
- ..
- No need
