## ACKNOWLEDGEMENT

I am truly grateful for the unwavering support and guidance I have received from my **Prof. SHRUTI BHATIA** throughout my thesis writing journey. She has been a source of motivation and encouragement for me, never failing to show faith in me even when I was struggling with doubts and uncertainties. Her expertise and constructive feedback have been invaluable in helping me craft the best possible version of my thesis. Words cannot express how thankful I am for her help.

I would also like to express my gratitude to our principal, **Dr. Sanjeev Sharma**, for giving me this great opportunity to do a project on **industrial training report**.

## CONCLUSION

In a nutshell, this internship has been an excellent and rewarding experience. I can conclude that there has been a lot I've learnt from my work at **DILEMMAS DILUTED**.

The technical aspects of the work I've done are not flawless and could be improved provided I have enough time. As someone with no prior experience with AI whatsoever I believe my time spent on research and discovering it was well worth it and contributed to finding an acceptable solution to build a fully functional Graphics service. Two main things that I have learned the importance of our time-management skills and self-motivation
